## Profile Summary

Highly motivated and detail-oriented Computer Science graduate with a solid foundation in software development and programming. Proficient in Java, Python, and SQL with hands-on experience in developing web applications and data analysis through internships and academic projects.

## Education

**Raj Kumar Goel Institute of Technology** 2023  
*Bachelor of Technology in Computer Science (CGPA: 8.09/10.00)* Ghaziabad, Uttar Pradesh

- **Relevant Coursework:** Programming, Data Structures and Algorithms, Computer Networks, Operating Systems, Web Technologies, Database Management Systems.

## Experience

**Magic EdTech** Mar 2023 – May 2023  
*SDE Intern* Noida, Uttar Pradesh

- Gained proficiency in managing HTTP requests/responses and implementing various HTTP methods.
- Worked extensively with Spring Boot and Hibernate, focusing on Spring MVC, REST API design, and controller creation.

**Amafhh Technologies** Jul 2022 – Aug 2022  
*Web Development Intern* Lucknow, Uttar Pradesh

- Designed and delivered a client website according to project specifications.
- Utilized HTML, CSS, JavaScript, and Bootstrap to develop responsive and visually appealing web solutions.

## Projects

**Tomato** | *React.js, HTML, CSS, JavaScript, Bootstrap*

- Developed a user-friendly interface with advanced features like tag-based filtering, enhancing the browsing experience and facilitating easy dish discovery on the food delivery platform.
- Optimized the checkout process to improve efficiency and customer satisfaction, leading to a notable increase in sales on the food delivery platform.

**Note Taker** | *Java, Spring Boot, Hibernate, Servlet, JSP*

- Developed a dynamic web app for seamless note creation and management, featuring intuitive note-taking capabilities to enhance productivity and organization.
- Implemented robust backend functionalities using Spring Boot and Hibernate, ensuring reliable data storage and retrieval for an optimal user experience.

**Text Utils** | *HTML, CSS, JavaScript, React.js*

- Created a versatile website offering various text manipulation tools, designed to improve productivity and simplify common text editing tasks.
- Enhanced the website's functionality with React.js to provide a responsive and interactive user interface, contributing to a more efficient workflow.

## Certifications

**Full Stack Java Developer** : Udemy  
**Java (Basic)**: HackerRank

## Technical Skills

**Languages:** Java, Python, SQL, HTML, CSS, JavaScript, ReactJS  
**Technologies:** Spring Boot, Hibernate, Bootstrap, MySQL, Git  
**Concepts:** Web Development, REST API Design, Database Management, Software Development  
**Tools and SDKs:** Visual Studio Code, Eclipse, Github, Postman
